PLEASE REMEMBER:

1. Use only relevant graphical elements
2. Use a large, dark font on light background
3. Use very few (ideally no) mathematical formulas
4. Use the slides to complement your speaking, rather than duplicate it
5. Make your audience eager to learn more
6. Target a broad audience
7. Deliver your presentation clearly and enthusiastically
8. Start with the end in mind
9. Don't rush, and be sure to leave time for questions
